

SALMA MAMDOUH

Flutter & Mobile Application Developer

Cairo, Egypt | 01067827971 | salmamamdouh360@gmail.com | [LinkedIn](#)

CAREER OBJECTIVE

Motivated Flutter developer with hands-on training experience, skilled in Dart, BLoC, Clean Architecture, REST APIs, Firebase, and Git. Passionate about building accessible, high-quality mobile applications.

TRAINING

National Telecommunication Institute (NTI) Mobile Application Development – Flutter Track

Period: 2 Months | Cairo, Egypt

- Developed Flutter apps using Dart with Clean Architecture principles.
- Applied BLoC/Cubit for scalable state management.
- Integrated REST APIs and handled async data with Dio/http packages.
- Worked with Firebase Auth, Firestore, and Realtime Database.
- Managed projects using Git & GitHub for version control.
- Implemented Local Storage with Hive and SharedPreferences.

PROJECTS

Raknaa – Smart Car Parking App

Flutter · Firebase · BLoC · QR Code · Clean Code

- Book parking spots by scanning a QR code for each space.
- Live slot availability via Firebase Realtime Database.
- Clean Architecture + BLoC for scalable, testable codebase.

Todo App – Task Manager

Flutter · Local Storage · BLoC · Clean Code

- Full CRUD tasks with date/period scheduling and reminders.
- Offline persistence using Hive/SharedPreferences.

Masar – Special Needs Kids Platform

Flutter · Firebase · REST API · BLoC · Git

- Learning & support app for children with special needs.
- Accessible UI with Firebase Auth, Firestore & REST API content.
- Progress tracking and interactive educational activities.

EDUCATION

Professional Diploma in STEM

Sep 2025 – Present

Bachelor's in Science & Education

Faculty of Education, Minia University

July 2025

TECHNICAL SKILLS

- **Flutter & Dart**
- BLoC / Cubit State Management
- Clean Architecture & Clean Code
- REST API Integration (Dio / http)
- Firebase (Auth, Firestore, Realtime DB)
- Local Storage (Hive, SharedPreferences)
- Git & GitHub

SOFT SKILLS

- Problem Solving & Critical Thinking
- Communication & Teamwork
- Time Management
- Self-learning & Continuous Improvement
- Presentation Skills

TRAINING & COURSES

NTI – Mobile App Development (Flutter)

Period: 2 months | National Telecommunication Institute, Cairo
Dart, Flutter, BLoC, Clean Architecture, REST APIs, Firebase & Git.

Mobile App Development – Creativa Hub

Period: 18 hrs | Creativa Hub

Mobile UI design, Flutter widgets, app architecture & navigation basics.
